THE *profile*

Lelia M, known as @lelusham, is a Milan-based content creator working with brands worldwide. From boutiques, showrooms and hotels to exclusive events, brand launches and fashion presentations, every setting becomes an opportunity to tell your brand's story. No studio, no set-up costs — just authentic, elevated content delivered in days. Content and captions in both English and Italian help your brand connect with local and international audiences through a single piece of content.

WHAT I *offer*

STYLING & TRY-ON REEL

One reel filmed at any location: try-on, styling, and an honest question to the audience.

UNBOXING & FIRST LOOK

Product unboxing and first look filmed in an interesting location: the product is received, opened and worn on camera. One reel, one carousel or three stories.

HOTEL & RESTAURANT STAY

Milan or any other location as the setting: one reel and stories, with a location tag and link sticker.

EVENT COVERAGE

Event attendance and coverage: one reel plus a story sequence posted in real time.

UGC FOR YOUR CHANNELS

Videos and stills created for your own feed and ads, without posting on @lelusham. Usage rights agreed per project.

AFFILIATE & LAUNCH

Tracked link or code in stories and bio during a launch or sale period.

Shot on location in Milan & Worldwide

Boutiques, showrooms, hotel rooms and the city's stone and marble: the set is already there. No studio, no set-up cost, delivery in days.

Made for the feed

Vertical, handheld, natural light. It reads as my own post, not as an ad, so it gets watched to the end. Across TikTok and Instagram the profiles count 2.2M likes and a single video at 5.5M views.

Two languages, two audiences

Captions in English and Italian: Milan and an international audience with a single piece of content.
